Faculty

Gregory Stewart, Principal

Principal's Message

Congratulations to the class of 2004. May you find in your future an abundance of joy and success. The contributions made by your class toward making a better society will be cherished. Keep in mind that we share a very special kind of relationship. Over the last four years we have shared so many other things along with your education -- happy memories, precious dreams, little discoveries, private jokes that no one else would understand. We have come to know each other's strengths and vulnerabilities and how to really make each other happy. Blue Devils, I would say we are a pretty great team, and I would not trade what these last four years meant to me for any years in my life.
